14 IN 1 Hydro dermabrasion skin care

TECHNIQUE CREATES BEAUTY

Principle

Hydra directly acts on the skin through a specially designed small spiral nozzle. It makes the skin clean in a comfortable state, exfoliates the aged epidermal cells, makes the nutrient essence and water more easily penetrate into the skin tissue, and quickly takes away the excess oil and aged cutin. At the same time, it helps to introduce soothing and repairing factors, enhance skin barrier function, improve skin texture, narrow pores, and restore skin to a watery plumping state.

Deep cleanses the skin, softens cuticles and removes dirt inside the skin.

Regulate the internal environment of the skin, antibacterial, anti-inflammatory, soothing, and promote the synthesis of collagen.

Repair the stratum corneum, promote epidermal hyperplasia, fibroblast production, and repair the skin barrier

Balance skin oil, shrink pores and tighten skin.
